

A photograph of the Weill Cornell Medical School building entrance. A red banner hangs from the top left, featuring the Cornell University seal and the text "Weill Cornell Medical School". The building has a large arched window and a sign above the entrance that reads "1300" and "MEDICAL GRADUATE SCHOOL OF MEDICAL SCIENCES OF CORNELL UNIVERSITY". A person is visible on the stairs leading up to the entrance. The entire image has a warm, orange-toned filter.

The Dean's Circle

Weill Cornell Medicine's most prestigious alumni giving society was established in 1997 to recognize alumni who have made significant financial commitments to ensure the continued excellence of the Medical College. Dean's Circle members help Weill Cornell Medicine carry on its tradition of rigorous academics, transformational research, and outstanding patient care. Every Dean's Circle gift allows us to make a meaningful difference in the lives of medical students and patients alike.

2016 Dean's Circle Dinner

About

The Dean's Circle honors Weill Cornell Medicine alumni who:

Make outright gifts or pledges of \$25,000 or more (payable over 5 years)

Establish irrevocable planned gifts of \$50,000 or more.

Alumni who make additional Dean's Circle gifts are recognized accordingly.

Impact

The Dean's Circle is an opportunity to make a difference in the lives of current Weill Cornell Medicine students. While many donors choose to support their class scholarship fund or endow named scholarships, Dean's Circle gifts may be allocated to any area of interest, such as faculty recruitment efforts, the global health program, or student enrichment programs, among others.

Scholarships make it possible for exceptional students with limited financial means to realize their dream of attending Weill Cornell Medical College. The average Weill Cornell Medicine graduate carries more than \$160,000 in debt, which can drive a young resident away from critical but lower-paying fields. By joining the Dean's Circle, you will help assure that deserving students receive the financial assistance they need to become superb physicians and researchers.

Student Programming is an invaluable part of the Weill Cornell Medicine experience. By supporting enrichment programs for medical students such as the Stethoscope Initiative as well as student-run service organizations, you are ensuring that students have the training opportunities inside and outside of the classroom to become well-rounded, compassionate, and community-minded physicians.

Weill Cornell Faculty are pushing scientific discoveries forward and speeding breakthroughs made in the laboratory directly to the patient's bedside. Gifts toward the recruitment of top scientists and promising junior faculty will help Weill Cornell Medicine attract and retain some of the world's brightest scientific minds and build the pioneering research programs that will lead to better health care for patients.

Join

Benefits

The names of all Dean's Circle members are listed prominently on a donor wall in the Weill Education Center, located at 1300 York Avenue. Dean's Circle members receive a handsome certificate and pin symbolizing membership in this distinguished group.

Engagement

Members are also invited, along with a guest, to join the Dean at an annual recognition dinner in New York City each June and receive special invitations to New York City and regional events throughout the year.

We invite you to join this loyal community and be recognized for your commitment to Weill Cornell Medicine!

For more information or to join the Dean's Circle, please contact Vanessa Ball at 646.962.9473 or vib2005@med.cornell.edu
